

# Profile

Hello! I am Linda Lancaster Cundiff. I was born to Captain Marquette and Clara Lancaster on September 8, 1947. As a child, I was very happy and active. In first grade I had a very serious case of Hepatitis C but recovered. I grew up in the Methodist faith and was very active in my church. I had been a Sunday School teacher and collected all those pennies the kids brought to class. Later, I helped out with the Methodist Youth Fellowship that included projects for the young youth. We also had an annual turkey dinner and bazaar called the North Pole Bazaar. Ladies brought all the hand made creations and baked goods to sell. I helped the kids so they could get prizes for the fish pond and other games. My mom made me a penguin outfit and I went around making the kids laugh. Another time, I was a clown. (Thanks Mom) My mom sewed for almost everyone in town! My father was a Tow Boat Pilot so I spent a lot of time when he was home going out in the boat with him. The Mississippi River was my love. I grew up in Albany, Illinois, then moved to Clinton, Iowa, then to Comanche, Iowa and now I live in Panama City Beach, Florida.

I met my husband James and we were married in 1975. I was a board member for Comanche Days, Inc. which was a carnival and a four day celebration in the park just a block away from my home. I was also secretary and two-time president of that. I spent many countless hours at the park making sure everything went smoothly. I have given many hours helping people through the years. I was a CNA and worked in nursing homes, hospitals, assisted living and home care. I loved my job! I have been a [lindaclub.org](http://lindaclub.org) member since it started. I was a past board member and still enjoy helping out. I am an ordained minister and do a lot of beach weddings which are popular here in Florida. Retirement is wonderful...Amen!
